## VOTING INFORMATION

### Record Date

Only holders of record of Crown Crafts Series A common stock at the close of business on the record date, June 15, 2007, are entitled to notice of and to vote at the annual meeting. As of the record date, there were 10,005,192 shares of Crown Crafts Series A common stock outstanding and entitled to vote at the annual meeting, held by approximately 640 holders of record. A list of the Company's stockholders will be available for review at the Company's executive offices during regular business hours for a period of ten days before the annual meeting. Each holder of Crown Crafts Series A common stock is entitled to one vote for each share of Crown Crafts Series A common stock he or she owned as of the record date.

### Quorum and Vote Required

A quorum of stockholders is necessary to transact business at the annual meeting. The presence, in person or by proxy, of shares of Crown Crafts Series A common stock representing a majority of shares of Crown Crafts Series A common stock outstanding and entitled to vote on the record date is necessary to constitute a quorum at the annual meeting. Abstentions and broker "non-votes," discussed below, count as present for establishing a quorum.

Directors are elected by a plurality of the votes cast, which means the three nominees who receive the largest number of properly cast votes will be elected as directors of Crown Crafts. Cumulative voting is not permitted. If a quorum is not present at the annual meeting, then it is expected that the annual meeting will be adjourned or postponed to solicit additional proxies.

As of the record date, the Company's directors and executive officers as a group beneficially owned and were entitled to vote approximately 1,220,096 shares of the Company's Series A common stock, or approximately 12.2% of the outstanding shares of the Company's Series A common stock on that date. This amount excludes approximately 10,310 shares of the Company's Series A common stock held by members of the immediate families of certain officers and directors of Crown Crafts with respect to which such officers and directors disclaim beneficial ownership.

### Voting Your Shares

You may vote by proxy or in person at the annual meeting.

*Voting in Person.* If you plan to attend the annual meeting and wish to vote in person, you will be given a ballot at the annual meeting. Please note, however, that if your shares are held in "street name," which means your shares are held of record by a broker, bank or other nominee, and you wish to vote at the annual meeting, you must bring to the annual meeting a proxy from the record holder of the shares authorizing you to vote at the annual meeting.

*Voting by Proxy.* You should vote your proxy even if you plan to attend the annual meeting. You can always change your vote at the annual meeting. Your latest dated vote before the annual meeting will be the vote counted. Voting instructions are included on your proxy card. If you properly grant your proxy and submit it to the Company in time to vote, one of the individuals named as your proxy will vote your shares as you have directed. If no instructions are indicated on a properly executed proxy card or voting instruction, the shares will be voted "for" the election of all of the director nominees. If other matters properly come before the annual meeting, the shares represented by proxies will be voted, or not voted, by the individuals named in the proxies in their discretion.

You may submit your proxy through the mail by completing your proxy card and signing, dating and returning it in the enclosed, pre-addressed, postage-paid envelope. To be valid, a returned proxy card must be signed and dated. You may also deliver your voting instructions by telephone or over the Internet. Instructions for voting by telephone or over the Internet may be found on your proxy card.

If you are not the record holder of your shares, you must provide the record holder of your shares with instructions on how to vote your shares. If your shares are held by a bank, broker or other nominee, that bank, broker or nominee may allow you to deliver your voting instructions by telephone. If your shares are held by a broker, you

may also be allowed to deliver your voting instructions over the Internet. Stockholders whose shares are held by a bank, broker or other nominee should refer to the voting instruction card forwarded to them by that bank, broker or other nominee holding their shares.

### **Possible Proxy Contest**

A Crown Crafts stockholder, Wynnefield Partners Small Cap Value, L.P. (together with its affiliates, Wynnefield Partners Small Cap Value Offshore Fund, Ltd., Wynnefield Partners Small Cap Value, L.P. I, Wynnefield Capital Management, LLC, Wynnefield Capital, Inc., Channel Partnership II, L.P., Nelson Obus and Joshua Landes, “Wynnefield”), has advised the Company of its intention to nominate and solicit proxies in support of an opposition slate of two nominees for election to the board of directors at the Company’s 2007 annual meeting.

As reported in a Schedule 13D report of beneficial ownership filed with the Securities and Exchange Commission by Wynnefield on June 28, 2007, Wynnefield intends to nominate Frederick G. Wasserman and Nelson Obus for election to the Company’s board of directors at the annual meeting. Previously, the Company and Wynnefield Capital Management, Inc. were parties to an agreement dated November 4, 2005 pursuant to which Mr. Wasserman was given the right, on behalf of Wynnefield, to attend and participate in meetings of the Company’s board of directors in a non-voting observer capacity and to receive all information discussed with or provided to the Company’s directors in connection with such meetings. The Company terminated this agreement on June 28, 2007.

**THE BOARD RECOMMENDS THAT STOCKHOLDERS NOT SUPPORT WYNNEFIELD’S NOMINEES SHOULD WYNNEFIELD PROCEED WITH ITS PLAN TO SOLICIT PROXIES. IF YOU HAVE ALREADY VOTED A PROXY FROM WYNNEFIELD, YOU MAY REVOKE IT AND PROVIDE YOUR SUPPORT TO THE COMPANY’S NOMINEES BY VOTING THE ENCLOSED PROXY IN THE MANNER DISCUSSED ABOVE. ONLY YOUR LATEST DATED PROXY WILL COUNT.**

### **Revoking a Proxy**

You may revoke your proxy at any time before it is voted at the annual meeting by (i) delivering to the secretary of Crown Crafts a signed notice of revocation, bearing a date later than the date of the proxy, stating that the proxy is revoked, (ii) granting a new proxy, relating to the same shares and bearing a later date, or (iii) attending the annual meeting and voting in person. Likewise, if you have already voted a proxy furnished by Wynnefield, you may REVOKE it and support the Company’s nominees through these same procedures.

Written notices of revocation and other communications with respect to the revocation of proxies should be addressed to Crown Crafts, Inc., P.O. Box 1028, Gonzales, Louisiana 70707, Attn.: Corporate Secretary.

If your shares are held in the name of a broker, bank or other nominee, you may change your vote by submitting new voting instructions to your broker, bank or other nominee. You must contact your broker, bank or other nominee to find out how to do so.

### **Abstentions and Broker Non-Votes**

Shares of Crown Crafts Series A common stock held by persons attending the annual meeting but not voting, and shares of Crown Crafts Series A common stock for which the Company has received proxies but with respect to which holders of those shares have abstained from voting, will be counted as present at the annual meeting for purposes of determining the presence or absence of a quorum for the transaction of business at the annual meeting. Because directors are elected by a plurality of votes cast, abstentions will not be counted in determining which nominees received the largest number of votes cast.

Under certain circumstances, brokers are prohibited from exercising discretionary authority for beneficial owners who have not returned proxies to the brokers (so-called “broker non-votes”). In these cases, and in cases where the stockholder abstains from voting on a matter, those shares will be counted for the purpose of determining if a quorum is present but will not be included in the vote totals with respect to those matters and, therefore, will have no effect on the vote. In addition, if a broker indicates on the proxy card that it does not have discretionary authority

on other matters considered at the annual meeting, those shares will not be counted in determining the number of votes cast with respect to those matters.

### **Solicitation of Proxies**

Crown Crafts will bear the costs of printing and mailing this proxy statement, as well as all other costs incurred on behalf of the Company's board of directors in connection with its solicitation of proxies from the holders of Crown Crafts Series A common stock. The Company has retained Georgeson Inc. to assist the Company and its board of directors in the solicitation of proxies and in the distribution of proxies and accompanying materials to brokerage houses and institutions for a fee of \$15,000 plus expenses. This fee will increase to \$50,000, plus additional service fees and expenses, should Wynnefield proceed with its plan to solicit proxies. In addition, directors, officers and employees of Crown Crafts and its subsidiaries may solicit proxies by mail, personal interview, telephone or other means without additional compensation therefor. Arrangements also will be made with brokerage houses, voting trustees, banks, associations and other custodians, nominees and fiduciaries, who are record holders of the Company's Series A common stock not beneficially owned by them, for forwarding these proxy materials to, and obtaining proxies from, the beneficial owners of such stock entitled to vote at the annual meeting. Crown Crafts will reimburse these persons for their reasonable expenses incurred in doing so.

### **Other Business**

The Company does not expect that any matter other than the proposals presented in this proxy statement will be brought before the annual meeting. However, if other matters are properly presented at the annual meeting or any adjournment or postponement of the annual meeting, the persons named as proxies will vote in accordance with their best judgment with respect to those matters.

### **Assistance**

If you need assistance in completing your proxy card or have questions regarding the annual meeting, please contact Olivia Elliott at (225) 647-9124 or write to Ms. Elliott at the following address: P.O. Box 1028, Gonzales, Louisiana 70707.

## **CORPORATE GOVERNANCE**

### **Board of Directors**

The board of directors of Crown Crafts is responsible for establishing broad corporate policies of the Company, monitoring the Company's overall performance and ensuring that the Company's activities are conducted in a responsible and ethical manner. However, in accordance with well-established corporate legal principles, the board of directors is not involved in the Company's day-to-day operating matters. Members of the board are kept informed about the Company's business by participating in board and committee meetings, by reviewing analyses and reports provided to them by the Company and through discussions with the chairman of the board and other officers of the Company.

### **Director Independence**

Each non-employee member of the board is "independent," as defined for purposes of the rules of the Securities and Exchange Commission, or SEC, and the listing standards of The Nasdaq Stock Market, or Nasdaq. For a director to be considered independent, the board must determine that the director does not have a relationship with the Company that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making this determination, the board will consider all relevant facts and circumstances, including any transactions or relationships between the director and the Company or its subsidiaries.

## **Code of Business Conduct and Ethics**

The Company has adopted a Code of Business Conduct and Ethics that is applicable to all directors and employees, including the Company's chief executive officer and chief financial officer. The Code of Business Conduct and Ethics covers such topics as conflicts of interest, insider trading, competition and fair dealing, discrimination and harassment, health and safety, confidentiality, payments to governmental personnel and compliance procedures. The Code of Business Conduct and Ethics is posted on the Company's website at [www.crowncrafts.com](http://www.crowncrafts.com). The Company intends to post on its website any amendments to, or waivers from, the Code of Business Conduct and Ethics.

## **Certain Relationships and Related Transactions**

The Company recognizes that transactions between the Company and any of its directors or executive officers can present potential or actual conflicts of interest. Accordingly, as a general matter and in accordance with the Company's Code of Business Conduct and Ethics, it is the Company's preference to avoid such transactions. Nevertheless, the Company recognizes that there are circumstances where such transactions may be in, or not inconsistent with, the best interests of the Company. The Company and the audit committee review all relationships and transactions in which the Company and such related persons are participants on a case-by-case basis. In performing such review, consideration is given to (i) the nature of the related person's interest in the transaction, (ii) the material terms of the transaction, (iii) the significance of the transaction to the related person or the Company, and (iv) other matters deemed appropriate.

During fiscal year 2007, there were no related party transactions in which Crown Crafts was a participant and in which any director or executive officer (or the immediate family members of any director or executive officer) had a direct or indirect material interest, except that Crown Crafts Infant Products, Inc., wholly-owned subsidiary of the Company, employs Gary Freeman, who is the spouse of Nanci Freeman, the President and Chief Executive Officer of Crown Crafts Infant Products. Mr. Freeman serves as Vice President-Warehousing and Distribution of Crown Crafts Infant Products. Mr. Freeman's base salary as of the end of fiscal year 2007 was \$135,700, and he earned a bonus for fiscal year 2007 in the amount of \$33,925. The compensation is commensurate with that of his peers.

## **Board Committees and Meetings**

Currently, the Company's board of directors has two standing committees: the audit committee and the compensation committee. Committee membership and the responsibilities assigned by the board of directors to each of the committees are briefly described below.

The board of directors met six times during fiscal year 2007. The audit committee met three times and the compensation committee met three times during that same period. In addition, the chairman of the audit committee met with the Company's independent accountants twice during fiscal year 2007. Each director attended 100% of the total number of meetings of the board and committees of which he was a member during fiscal year 2007, except for William P. Payne, who attended 50% of the total number of such board and committee meetings. Mr. Payne did not stand for reelection to the Board at the annual meeting held in fiscal year 2006. Seven directors attended the Company's annual meeting held in fiscal year 2006, and all members of the board have been requested to attend the 2007 annual meeting.

*Audit Committee.* The audit committee is currently comprised of three members, none of whom is a current or former employee of the Company or any of its subsidiaries and all of whom are, in the opinion of the board, free from any relationship that would interfere with the exercise of their independent judgment in the discharge of the audit committee's duties. See "Audit Committee Disclosure — Report of the Audit Committee." The current members of the audit committee are Donald Ratajczak (Chairman), James A. Verbrugge and William T. Deyo, Jr. The audit committee represents the board in discharging its responsibility relating to the accounting, reporting and financial practices of the Company and its subsidiaries. Its primary functions include monitoring the integrity of the Company's financial statements and system of internal controls and the Company's compliance with regulatory and legal requirements; monitoring the independence, qualifications and performance of the Company's independent auditor; and providing an avenue of communication among the independent auditor, management and the board.

*Compensation Committee.* The compensation committee is currently comprised of three directors, Zenon S. Nie (Chairman), Steven E. Fox and Sidney Kirschner, none of whom is a current or former employee of the Company or any of its subsidiaries and all of whom are, in the opinion of the board, free from any relationship that would interfere with the exercise of their independent judgment in the discharge of the compensation committee's duties. The duties of the compensation committee are generally to establish the compensation for the Company's executive officers and to act on such other matters relating to compensation as it deems appropriate, including an annual evaluation of the Company's chief executive officer and the design and oversight of all compensation and benefit programs in which the Company's employees and officers are eligible to participate.

#### **Nominations for Directors**

The Company does not have a standing nominating committee or a charter with respect to the nominating process. The board is of the view that such a committee is unnecessary given the relatively small number of directors elected each year and the fact that all directors are considered by and recommended to the Company's stockholders by the full board, which is comprised of a majority of independent directors. If the board appointed such a committee, its membership would consist of the independent directors or a subset of them. To date, all director nominees recommended to the stockholders have been identified by current directors or management, and the Company has never engaged a third party to identify director candidates. The board would also consider any director candidate proposed in good faith by a stockholder of the Company. To do so, a stockholder should send the director candidate's name, credentials, contact information and his or her consent to be considered as a candidate to the corporate secretary of the Company. The proposing stockholder should also include his or her contact information and a statement of his or her share ownership (how many shares of the Company owned and for how long), as well as any other information required by the Company's bylaws. The board will evaluate candidates based on their financial literacy, business acumen and experience, "independence", and willingness, ability and availability for service.

#### **Communication with the Board and its Committees**

Any stockholder may communicate with the board by directing correspondence to the board, any of its committees or one or more individual members, in care of the corporate secretary, at Crown Crafts, Inc., P.O. Box 1028, Gonzales, Louisiana 70707.

### **PROPOSAL 1: ELECTION OF DIRECTORS**

#### **Election of Directors**

The Company has a classified board currently consisting of three Class I directors (E. Randall Chestnut, William T. Deyo, Jr. and Steven E. Fox), two Class II directors (Sidney Kirschner and Zenon S. Nie) and two Class III directors (Donald Ratajczak and James A. Verbrugge). At each annual meeting of stockholders, directors are duly elected for a full term of three years to succeed those whose terms are expiring. The Class I directors currently serve until the 2007 annual meeting, and the Class II and Class III directors currently serve until the annual meetings of stockholders to be held in 2009 and 2008, respectively.

At the 2007 annual meeting, three Class I directors will be elected to hold office until the 2010 annual meeting of stockholders of the Company. The board of directors has unanimously nominated E. Randall Chestnut, William T. Deyo, Jr. and Steven E. Fox as Class I nominees for election to the board of directors. Each of these nominees presently serves on the board of directors of the Company.

The proxy holder intends to vote "for" the election of the named nominees unless you have specifically indicated by proper proxy that your shares should be withheld from voting for any or all of these nominees. If at the time of the annual meeting any nominee is unavailable or unwilling to serve as a director, the proxies will be voted for the remaining nominees and for any other person designated by the board of directors as a nominee. Proxies cannot be voted at the annual meeting for a greater number of persons than the number of nominees named.

#### Compensation Discussion and Analysis

The compensation committee of the board of directors has overall responsibility for establishing, implementing and monitoring the compensation structure, policies and programs of the Company. The committee is responsible for assessing and approving the total compensation structure paid to the Company’s chief executive officer and the chief executive officer’s compensation recommendations for other executive officers. Thus, the committee is responsible for determining whether the compensation paid under the Company’s programs is fair, reasonable and competitive and whether it serves the interest of the Company’s stockholders. The compensation committee’s chairman regularly reports to the board of directors on compensation committee actions and recommendations. The Company’s compensation committee has authority to retain (at the Company’s expense) outside counsel, compensation consultants and other advisors to assist as needed.

The individuals who served as the Company’s chief executive officer and chief financial officer during fiscal year 2007, as well as the other individuals included in the Summary Compensation Table below, are referred to as the “named executive officers.” With respect to the named executive officers, this Compensation Discussion and Analysis identifies the Company’s current compensation philosophy and objectives and describes the various methodologies, policies and practices for establishing and administering the compensation programs of the named executive officers.

#### Compensation Philosophy and Objectives

The compensation committee believes that the most effective executive compensation programs are those that align the interests of the executive with those of the Company’s stockholders. The compensation committee believes

that a properly structured compensation program will attract and retain talented individuals and motivate them to achieve specific short- and long-term strategic objectives. The compensation committee believes that a significant percentage of executive pay should be based on the principle of pay-for-performance. However, the compensation committee also recognizes that the Company must maintain its ability to attract highly talented executives. For this reason, an important objective of the compensation committee is to ensure the compensation programs of the named executive officers are competitive as compared to similar positions within our peer-group companies (the “compensation peer group”).

The Company’s executive compensation programs are designed to provide:

- levels of base compensation that are competitive with comparable companies;
- annual incentive compensation that varies in a consistent manner with the achievement of individual performance objectives and financial results of the Company;
- long-term incentive compensation that focuses executive efforts on building stockholder value through meeting longer-term financial and strategic goals; and
- executive benefits that are meaningful and competitive with comparable companies.

In designing and administering its executive compensation programs, the compensation committee attempts to strike an appropriate balance among these various elements. The compensation committee considers the pay practices of the compensation peer group to determine the appropriate pay mix and compensation levels. With respect to performance-based pay, the compensation committee believes that executive compensation should be closely tied to financial and operational performance of the Company, as well as to the individual performance and responsibility level of the named executive officers. The compensation committee also believes there should be a significant equity-based component because it best aligns the executives’ interests with those of the Company’s stockholders. For purposes of retention, the compensation committee believes that the equity-based compensation should have meaningful conditions to encourage valued employees to remain in the employ of the Company. Finally, the compensation committee also considers other forms of executive pay as a means to attract, retain and motivate highly qualified executives.

### **Methodology for Establishing Compensation**

The compensation committee is comprised of three independent directors who satisfy the Nasdaq listing requirements and relevant SEC regulations. There are no interlocking relationships between any member of our compensation committee and any of our executive officers. None of the compensation committee members is an officer, employee or former officer or employee of the Company.

The compensation committee is responsible for all compensation decisions for the chief executive officer and other named executive officers. The chief executive officer annually reviews the performance of the other named executive officers, including consideration of market pay practices of the compensation peer group in conjunction with both Company and individual performance. The conclusions and recommendations of the chief executive officer are presented to the compensation committee for approval. The compensation committee has absolute discretion as to whether it approves the recommendations of the chief executive officer or makes adjustments, as it deems appropriate.

### **The Elements of Compensation**

Total direct compensation includes cash, in the form of base salary and annual incentives, and long-term equity incentives. The compensation committee evaluates the mix between these three elements based on the pay practices of comparable companies. To ensure that compensation levels are reasonably competitive with market rates, the compensation committee has engaged Robert H. Kurisu (“Kurisu”), an executive compensation consultant, to provide an independent analysis of the Company’s executive compensation policies and practices and provide analyses on the pay practices of the compensation peer group. Kurisu reports directly to the compensation committee and the board of directors, and from time to time and with prior notice to the compensation committee, Kurisu also provides executive compensation analysis to management.

The companies included in the compensation peer group are selected primarily on the basis of their comparability to the Company based on size, as measured through annual revenue, market capitalization and other financial measures. Kurisu's report provides the compensation committee with compensation comparisons and the Company's relative ranking in all pay categories. Kurisu also provides recommendations regarding program changes and refinements. Although the compensation committee also considers and reviews information from proxy statements and other relevant survey data, it particularly focuses on the practices of the compensation peer group in considering compensation levels for the chief executive officer and the other named executive officers. The compensation committee considers the opinions and recommendations of the chief executive officer and various outside counsel and strives to be fully informed in its determination of the appropriate compensation mix and award levels for the named executive officers. All compensation decisions are made with consideration of the compensation committee's guiding principles of fairness to employees, retention of talented executives and fostering improved Company performance, which will ultimately benefit the Company's stockholders. With respect to the named executive officers, the following describes in greater detail the objectives and policies behind the various elements of the compensation mix.

#### ***Base Salary***

It is the Company's philosophy that employees be paid a base salary that is competitive with the salaries paid by comparable organizations based on each employee's experience, performance and geographic location. Generally, the Company has chosen to position cash compensation at close to market median levels in order to remain competitive in attracting and retaining executive talent. The allocation of total cash between base salary and incentive bonus awards is based on a variety of factors. The compensation committee considers a combination of the executive's performance, the performance of the Company and the individual business or corporate function for which the executive is responsible, the nature and importance of the position and role within the Company, the scope of the executive's responsibility, internal relationships or comparisons and the current compensation package in place for that executive, including the executive's current annual salary and potential bonus awards under the Company's short-term incentive plan.

The compensation committee generally evaluates executive salaries annually. An analysis of executive compensation indicated that base salaries for the named executive officers were generally positioned at the market median. For the 2007 fiscal year, based in part on consultation with its independent compensation consultant, and in part upon the compensation committee's own assessment of the information and factors described above, the compensation committee determined to increase the base salaries of the named executive officers incrementally to maintain market median levels.

#### ***Annual Incentive Bonus***

The Company intends to continue its strategy of compensating the named executive officers through programs that emphasize performance-based incentive compensation. The Company's short-term incentive compensation program is designed to recognize and reward executive officers and other employees who contribute meaningfully to an increase in stockholder value and profitability.

In general, the funding of the annual incentive bonus pool is dependent upon earnings before interest, taxes, depreciation and amortization (after deducting incentive compensation) of the Company and its subsidiaries. If the plan is fully funded, each named executive officer has the ability to receive the target bonus payout. The percentage of the target bonus actually paid to each named executive officer depends on the goal attainment levels. The threshold level of performance for funding the bonus pool is 90% of target, at which point the annual bonus pool is 5% funded. For fiscal year 2007, the Company and its subsidiaries (other than Churchill Weavers, Inc., for which no bonus plan had been proposed for fiscal year 2007) achieved the maximum performance target, and the bonus pool was fully funded.

#### ***Long-Term Incentive Awards***

Long-term incentive awards are the third component of the Company's total compensation package. The compensation committee believes that equity-based compensation ensures that the Company's officers have a

continuing stake in the long-term success of the Company. The Company's 2006 Omnibus Incentive Plan provides for equity incentive awards, which include qualified and nonqualified stock options, restricted stock, stock appreciation rights, long-term incentive compensation units consisting of a combination of cash and common stock or any combination thereof within the limitations set forth in the omnibus plan. Awards may be granted under the omnibus plan from time to time for 10 years from the omnibus plan's effective date of June 13, 2006. The compensation committee approves all awards under the omnibus plan and acts as the administrator of the omnibus plan.

Award levels under the omnibus plan are determined based on the compensation practices of the compensation peer group. In general, long-term incentive awards are targeted at the median of the compensation peer group with appropriate adjustments for individual and Company performance, although past awards have generally been below market levels. Options granted under the omnibus plan vest and become exercisable in equal installments over a two-year period from the grant date. All stock options have been granted with a ten-year term and have an exercise price equal to the fair market value of the Company's common stock on the date of grant. Restricted stock awards under the omnibus plan are subject to cliff vesting on the fourth anniversary of the date of grant. Shares of restricted stock are held by the Company in escrow until restrictions lapse and the participant pays taxes on the shares. Participants are entitled to any dividends payable on their restricted stock and to vote their shares. Restricted stock cannot be sold or transferred until the shares vest. Should a named executive officer leave the Company prior to the completion of the applicable vesting schedule, the unvested portion of the grant is forfeited.

In an effort to provide the named executive officers with equity compensation that is consistent with the compensation peer group and to further strengthen retention efforts and commitment levels, the compensation committee approved grants of stock options and restricted stock in fiscal year 2007.

#### ***Broad-Based Benefits Programs***

The named executive officers are entitled to participate in the benefits programs that are available to all full-time employees. These benefits include health, dental, vision and life insurance, healthcare reimbursement accounts, paid vacation and company contributions to a 401(k) profit-sharing retirement plan. The Company's 401(k) plan provides for matching contributions by the Company in an amount equal to the first 2% of employee compensation deferred, plus 50% of the next 1% of employee compensation deferred. All full-time employees age 21 and older are eligible to participate in the plan after six months of service.

#### **Evaluation of Chief Executive Officer Compensation and Executive Performance**

##### ***Compensation of Chief Executive Officer***

The compensation committee meets with the other independent directors each year in executive session to evaluate the performance of the chief executive officer. The compensation committee also consults with its independent consultant in setting the chief executive officer's compensation. Neither the compensation committee nor its independent consultant confers with the chief executive officer or any other members of management when setting his base salary. The compensation committee does not rely solely on predetermined formulas or a limited set of criteria when it evaluates the performance of the chief executive officer and the other named executive officers. For fiscal year 2007, the compensation committee considered the chief executive officer's recent performance, his achievements in prior years, his achievement of specific short-term goals and the Company's performance in fiscal year 2006. Based on its review, the compensation committee at its June 2006 meeting approved a merit increase to raise the chief executive officer's salary to \$405,000 effective on July 8, 2006.

##### ***Compensation of Named Executive Officers'***

The chief executive officer met with the compensation committee to review his compensation recommendations for the other named executive officers. He described the findings of his performance evaluation of each named executive officer and provided the basis of his recommendations with the compensation committee, including the scope of their duties, oversight responsibilities and the executive officers' individual objectives and goals against results achieved for fiscal year 2006.

For fiscal year 2007, the compensation committee approved base salary adjustments at its June 2006 meeting for the named executive officers, effective on July 8, 2006, as follows: E. Randall Chestnut, \$405,000; Nanci Freeman, \$260,675; Amy V. Samson, \$225,000; Steve Guyer, \$150,000; and Debra Dunne, \$147,700. In its analysis of the other named executive officers, the compensation committee applied the same rationale to this group as it applied when considering the chief executive officer's base salary. The compensation committee also considered the pay practices of the compensation peer group and the analyses and recommendations provided by Kurisu, its independent consultant.

#### **Administrative Policies and Practices**

To evaluate and administer the compensation programs of the chief executive officer and other named executive officers, the compensation committee meets periodically each year in conjunction with regularly scheduled board meetings. The compensation committee also holds "special" meetings and meets telephonically to discuss extraordinary items. Additionally, the compensation committee members regularly confer with Kurisu, its compensation consultant, on matters regarding the compensation of the chief executive officer and other named executive officers.

#### ***Timing of Grants of Options and Restricted Stock***

In fiscal year 2007, the compensation committee approved stock option and restricted grants to the named executive officers in August 2006. It is the compensation committee's practice generally to use the date it approves the grants for purposes of establishing the "grant date" for stock options and restricted stock.

#### ***Stock Ownership Guidelines***

The compensation committee has not implemented stock ownership guidelines for the named executive officers. The compensation committee, however, continues to periodically review best practices and re-evaluate whether stock ownership guidelines are consistent with the compensation philosophy of the Company and with the stockholders' interests.

#### ***Tax Deductibility of Executive Officer Compensation***

Certain provisions of the federal tax laws limit the deductibility of certain compensation for the chief executive officer and other executives to \$1.0 million in applicable remuneration in any year. To date, this provision has had no effect on the Company because no officer of the Company has received \$1.0 million in applicable remuneration in any year. The compensation committee, for the benefit of the Company and its stockholders, will take the necessary steps to conform its compensation to qualify for deductibility if it appears that the threshold may be exceeded at some time in the future. Further, the compensation committee intends to give strong consideration to the deductibility of compensation in making its compensation decisions for executive officers in the future, again balancing the goal of maintaining a compensation program which will enable the Company to attract and retain qualified executives with the goal of maximizing the creation of long-term stockholder value.

#### **Compensation Committee Report**

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis contained in this proxy statement with the Company's management. Based upon that review and those discussions,

### Pension Benefits

## **Nonqualified Deferred Compensation**

The Company does not maintain any nonqualified defined contribution plans or other deferred compensation plans.

### **Potential Payments Upon Termination or Change in Control**

Each of the employment agreements between the Company and the named executive officers, other than Mr. Guyer, who does not have an employment agreement with the Company, requires the Company to make severance payments and provide severance benefits to the executive under certain circumstances if his or her employment with the Company is terminated other than for “Cause” or the executive’s death or disability. For these purposes, a termination of employment is generally for “Cause” if the executive has been convicted of a felony or if the termination is evidenced by a resolution adopted in good faith by two-thirds of the Company’s board that the executive (i) intentionally and continually failed substantially to perform his or her reasonably assigned duties for a period of at least thirty days after a written notice of demand for substantial performance has been delivered to the executive, or (ii) intentionally engaged in illegal conduct or gross misconduct which results in material economic harm to the Company.

Under Mr. Chestnut’s employment agreement and severance protection agreement, if, during the two years following a “Change in Control,” he terminates his employment for “Good Reason” or for any reason during the 90-day period commencing 90 days after the occurrence of the Change in Control or if the Company terminates his employment other than for Cause, death or disability, he will be entitled to receive the following payments, benefits or rights: (i) payment of three times his annual base salary (based upon the highest rate in effect on certain dates as set forth in the employment agreement); (ii) payment of three times the bonus amount previously paid to him (based upon the highest amount previously paid during certain periods as set forth in the employment agreement); (iii) for a period of three years, or such longer period as may be provided by the terms of the appropriate program, practice or policy, continuation on behalf of Mr. Chestnut, his dependents and beneficiaries of life insurance, disability, medical, dental and hospitalization benefits; (iv) payment of the excess retirement benefit he would have received had he remained employed for three additional years; (v) all of Mr. Chestnut’s outstanding incentive awards shall become fully vested and, if applicable, fully exercisable; (vi) Mr. Chestnut may require the Company to purchase within five days following his termination any shares of stock or shares purchased upon exercise of any options at a price equal to the fair market value of such shares on the date of purchase by the Company; (vii) payment of outplacement services up to \$30,000; and (viii) payment of reasonable moving expenses.

Under the employment agreements between the Company and each of Ms. Samson, Ms. Freeman and Ms. Dunne, if such executive’s employment is terminated by the Company without Cause or by the executive for Good Reason, then the executive is entitled to payment of (i) her salary, perquisites and all other compensation other than bonuses for the greater of the remaining term of her employment agreement and one year and (ii) a bonus, which, in the case of Ms. Samson and Ms. Freeman, is required to be an amount equal to the highest annual bonus paid or payable to her in respect of any of the preceding three full fiscal years. These benefits are also payable to either Ms. Samson or Ms. Freeman if her respective employment agreement is not expressly assumed by any acquirer of the Company, whether by purchase, merger, consolidation or otherwise, and to Ms. Dunne if her agreement is not specifically assumed following a Change in Control.

Under their respective employment agreements, Ms. Samson and Ms. Freeman are each entitled to provide notice of termination of employment and receive the severance payments and benefits discussed in the immediately preceding paragraph under the following circumstances: (i) if there occurs a Change in Control, and if at the time of such Change in Control, E. Randall Chestnut is not employed by the Company or any of its affiliates; or (ii) if there occurs a Change in Control and if Mr. Chestnut is so employed at the time of such Change in Control and at any time during the 180-day period immediately following the occurrence of such Change in Control, Mr. Chestnut shall no longer be employed by the Company or any of its affiliates for whatever reason.

For these purposes, “Good Reason” generally means a good faith determination by the executive that, without the executive’s consent, any one or more of the following events or conditions has occurred:

- the assignment to the executive of any duties inconsistent with the executive’s position, authority, duties or responsibilities;
- a material reduction by the Company of the executive’s base salary or an adverse change in the eligibility requirements or performance criteria under any bonus, incentive or compensation plan, program or arrangement;
- any failure to pay the executive any compensation or benefits to which the executive is entitled within five days of the date due;
- with respect to Mr. Chestnut, a failure to increase his base salary at least annually at a percentage of base salary no less than the average percentage increases granted to him during the three fiscal years ended prior to a Change in Control;
- the Company’s requiring the executive to be based anywhere other than within 50 miles of the executive’s job location (25 miles in the case of Mr. Chestnut), except for reasonably required travel;
- the failure by the Company to continue in effect any pension, bonus, incentive, stock ownership, purchase, option, life insurance, health, accident disability, or any other employee benefit plan, program or arrangement, in which the executive participates, or the taking of any action by the Company that would adversely affect the executive’s participation or materially reduce the executive’s benefits under any of such plans;
- the taking of any action by the Company that would materially adversely affect the physical conditions in or under which the executive performs his or her employment duties;
- the insolvency or the filing of a petition for bankruptcy by the Company;
- any purported termination of the executive’s employment for Cause by the Company which does not comply with the specified provisions governing a termination for Cause; or
- any breach by the Company of any material provision of the executive’s employment agreement.

“Change in Control” under the Company’s employment agreements with Ms. Samson, Ms. Freeman and Ms. Dunne generally means (i) any transaction, whether by merger, consolidation, asset sale, tender offer, reserve stock split or otherwise, which results in the acquisition or beneficial ownership by any person or entity or any group of persons or entities acting in concert or 25% or more of the outstanding shares of common stock of the Company; (ii) the sale of all or substantially all of the assets of the Company; or (iii) the liquidation of the Company.

“Change in Control” under the Company’s severance protection agreement with Mr. Chestnut generally means any of the following:

- an acquisition of any voting securities of the Company by any person immediately after which such person has beneficial ownership of 25% or more of the combined voting power of the Company’s then outstanding voting securities;
- the individuals who as of the date of the severance protection agreement are members of the board of directors cease to constitute at least a majority of the members of the board, provided that (i) if the election, or nomination for election by the Company’s common shareholders, of any new director was approved by a vote of at least a majority of the incumbent board, such new director shall be considered as a member of the incumbent board, and (ii) no individual shall be considered a member of the incumbent board if such individual initially assumed office as a result of either an actual or threatened election contest or other actual or threatened solicitation of proxies or consents by or on behalf of a person other than the board; or

- approval by shareholders of the Company of:
  - a merger, consolidation or reorganization involving the Company, unless such transaction is a “Non-Control Transaction,” which means a merger, consolidation or reorganization of the Company where:
    - the shareholders of the Company, immediately before such merger, consolidation or reorganization, own immediately following such transaction at least a majority of the combined voting power of the outstanding voting securities of the corporation resulting from such transaction in substantially the same proportion as their ownership of the voting securities of the Company immediately before such transaction,
    - the individuals who were members of the incumbent board immediately prior to the execution of the agreement providing for such transaction constitute at least a majority of the members of the board of directors of (i) the surviving corporation or (ii) a corporation beneficially owning a majority of the voting securities of the surviving corporation, and
    - no person other than (i) the Company, (ii) any subsidiary of the Company, (iii) any employee benefit plan maintained by the Company, the surviving corporation or any subsidiary, or (iv) any person who, immediately prior to such merger, consolidation or reorganization, had beneficial ownership of 25% or more of the then outstanding voting securities), has beneficial ownership of 25% or more of the combined voting power of the surviving corporation’s then outstanding voting securities;
  - a complete liquidation or dissolution of the Company; or
  - an agreement for the sale or other disposition of all or substantially all of the assets of the Company to any person (other than a transfer to a subsidiary).

Based upon a hypothetical termination of each named executive officer on April 1, 2007, the last day of the Company’s 2007 fiscal year, by such executive for Good Reason or following a Change in Control or by the Company without Cause (except as set forth in the footnotes below with respect to certain stock and option awards), assuming the existence of the facts discussed above upon which the executives’ receipt of severance benefits is conditioned, estimated severance benefits payable to each named executive officer would be as follows:

E. Randall Chestnut	\$ 2,031,410(1)	\$ 1,008,000(3)	\$ 165,000(5)	\$45,000(7)	\$3,249,410(8)

### **AUDIT COMMITTEE DISCLOSURE**

#### **Report of the Audit Committee**

The audit committee of the Company's board of directors is comprised of three directors, all of whom are independent, as defined by the listing standards of Nasdaq. The board has determined that Donald Ratajczak is an audit committee financial expert within the meaning of regulations adopted by the SEC as a result of his accounting and related financial management expertise and experience. The main function of the audit committee is to ensure that effective accounting policies are implemented and that internal controls are in place to deter fraud, anticipate financial risks and promote accurate and timely disclosure of financial and other material information to the public markets, the board and the stockholders. The audit committee also reviews and recommends to the board the approval of the annual financial statements and provides a forum, independent of management, where the

Company's auditors can communicate any issues of concern. In performing all of these functions, the audit committee acts only in an oversight capacity and necessarily relies on the work and assurances of the Company's management and independent auditors, which, in their report, express an opinion on the conformity of the Company's annual financial statements to generally accepted accounting principles.

The audit committee has adopted a formal, written charter, which has been approved by the full board and which specifies the scope of the audit committee's responsibilities and how it should carry them out. The complete text of the audit committee charter is available on the Company's website at [www.crowncrafts.com](http://www.crowncrafts.com), and is included as Appendix A to this proxy statement.

The audit committee has reviewed and discussed with the Company's management the audited financial statements of the Company for the fiscal year ended April 1, 2007. The audit committee has discussed with Deloitte & Touche LLP, the Company's independent public accountants, the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The audit committee has also received the written disclosures and the letter from Deloitte & Touche required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the audit committee has discussed the independence of Deloitte & Touche with that firm.

Based on the aforementioned review and discussions with management and the Company's auditors, and subject to the limitations on the role and responsibilities of the audit committee described above, the audit committee recommended to the board that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended April 1, 2007.

This report has been submitted by the audit committee.

William T. Deyo, Jr.

Appointment of the independent accountants of the Company is not required to be submitted to a vote of the stockholders of the Company for ratification under the laws of Delaware.

### **Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors**

All services provided by Deloitte & Touche are subject to pre-approval by the Company's audit committee. Before granting any approval, the audit committee must receive: (i) a detailed description of the proposed service; (ii) a statement from management as to why they believe Deloitte & Touche is best qualified to perform the service; and (iii) an estimate of the fees to be incurred. They are also required to furnish the Company with copies of all Section 16(a) forms they file with the SEC.

To the Company's knowledge, based solely on its review of the copies of such reports furnished to it and written representations that no other reports were required, during the fiscal year ended April 1, 2007, all of the Company's officers, directors and greater than 10% stockholders complied with all applicable Section 16(a) filing requirements, except that each of Messrs. ### **Householding of Proxy Materials**

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. It is anticipated that a number of brokers with account holders who are stockholders of the Company will be householding the Company's proxy materials. If you receive notice from your broker that it will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker or notify us by sending a written request to Crown Crafts, Inc., P.O.
