PROPOSAL 1 - ELECTION OF DIRECTORS

The Board of Directors currently consists of ten directors with terms of office expiring on the date of this Annual Meeting. On May 13, 1995, the Board of Directors voted to amend the Company's Bylaws by increasing the maximum number of members of the Board to fifteen(1) and, subject to shareholder approval of PROPOSAL 4 - "Amendment to the Company's Bylaws to Classify the Company's Board of Directors", below, to divide the Board of Directors into three classes, as nearly equal in size as possible. Each class will serve three years, with the terms of office of the respective classes expiring in successive years. Initially, the term of office of directors in Class I will expire at the 1996 Annual Meeting, the Class II term will expire at the 1997 Annual Meeting, and the Class III term will expire at the 1998 Annual Meeting. The Board of Directors propose that the nominees identified below be elected to the class and for the term as set forth below and until the election and qualification of their successors, as provided in the Bylaws of the Company.

In the alternative and in the event PROPOSAL 4 - "Amendment of the Company's Bylaws to Classify the Company's Board of Directors", below, is not approved by the shareholders, the Board of Directors propose that all of the nominees described below be elected to a one-year term and until the election and qualification of their successors, as provided in the Bylaws of the Company. The proxyholders intend to vote "FOR" the election of the individuals named below, each of whom is currently a director of the Company, unless authority is specifically withheld in the proxy.

While it is not anticipated, in the event any nominee is not a candidate or is unable to serve as a director at the time of the election, the proxies will be voted for the nominee designated by the present Board of Directors to fill such vacancy.

(1) Prior to May 13, 1995, the Company's Bylaws provided that the number of directors shall be not less than three nor more than ten, as determined from time to time by the Board. On May 13, 1995, the Board of Directors amended the Company's Bylaws by increasing the maximum number of directors to fifteen. At the present time, the vacancies created by this increase have not been filled nor is there an intention to increase the number of directors above the current level of ten.

(1) All options granted to the named executive officers were

granted pursuant to the Company's 1976 Non-Qualified Stock Option Plan. Each such option becomes exercisable in three equal portions commencing with the first anniversary of the grant date. Each such option includes a "limited stock appreciation right" ("LSAR") with respect to an equal number of shares. The option and the LSAR become immediately exercisable upon a change in control of the Company. Each such option

expires on the fifth anniversary of its grant date.

AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR END OPTION VALUES

The following table sets forth certain information with respect to stock options exercised by the Company's executive officers during the fiscal year ended April 2, 1995, and options held by such officers, whether exercisable or unexercisable, at April 2, 1995.

Set forth below is a graph which compares the value of \$100 invested at the close of trading on the last trading day preceding the first day of the fifth preceding fiscal year, in each of three investment alternatives: (a) the Company's Common Stock, the S&P 500, and (c) a Peer Group consisting of four

publicly-traded corporations (including the Company) that are engaged principally in the manufacture and sale of home furnishing textile products. The

graph assumes all dividends were re-invested. The corporations included in the Peer Group are Crown Crafts, Inc., Fieldcrest Cannon, Inc., Springs Industries, Inc., and Thomaston Mills, Inc. Although Frenchtex, Inc. was included in the peer group in prior years, it has been excluded this year because it was delisted from an exchange in April 1993 and no performance information has since been available.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

This report of the Compensation Committee of the Board of Directors of the Company sets forth the Committee's compensation policies applicable to the Chief Executive Officer and the other four most highly compensated executive officers as well as other executive officers of the Company, including the specific relationship of corporate performance to executive compensation, with respect to compensation reported in this proxy statement for fiscal 1995.

The Compensation Committee is currently composed of the three nonemployee directors of the Company, Ms. Jane E. Shivers, Mr. Alfred M. Swiren and Mr. Richard N. Toub. No member of the Compensation Committee has ever been an employee of the Company or any of its subsidiaries nor are they eligible to participate in any of the compensation plans that the Committee administers. However, they will be eligible to participate in the 1995 Stock Option Plan, if approved by shareholders. (See "Award of Options to Nonemployee Directors" under PROPOSAL 5 - "1995 Stock Option Plan", below) The Compensation Committee has overall responsibility to review, monitor and recommend compensation plans to the Board of Directors for approval. In reviewing and approving executive compensation for key executives other than Mr. Michael H. Bernstein, the

Committee reviews recommendations from Mr. Bernstein. Mr. Bernstein's compensation is determined by the Committee.

POLICY AND OBJECTIVES

The fundamental philosophy of the compensation program of the Company is to motivate executive officers to achieve short-term and long-term goals through incentive-based compensation and to provide

13

competitive levels of compensation that will enable the Company to attract and retain qualified executives.

The Company's executive compensation program consists primarily of three components. Of the three, only base salary is fixed. The other two components are incentive-based. The Executive Incentive Bonus Plan ("EIBP") provides short-term incentives based upon the Company's annual operating results while the Company's Stock Option Plan provides long-term incentives.

A key objective of the Compensation Committee is to assure that the Company's executives' total compensation is competitive. To this end, the Company receives and reviews executive compensation surveys and provides this information to the Committee. These surveys confirm, that the total compensation of the Company's executives was about average when compared with equivalent jobs with industrial employers of comparable size.

SHORT-TERM COMPENSATION

Base Salary

The Committee sets the base salary for each executive officer, including the President and Chief Executive Officer, at amounts below the average base salary for equivalent jobs with other industrial employers. Although base salary is reviewed annually by the Committee, adjustments are infrequent. The Committee believes this policy is consistent with the overall Company philosophy as set forth above.

Short-term Incentives

The Company's EIBP provides the Company's executive officers with an opportunity for significant short-term incentive compensation based upon the Company's operating results for the fiscal year. The maximum amounts potentially realizable by the eligible executive officers are well above median bonuses applicable to equivalent jobs with other industrial employers.

Under the EIBP, the Committee meets annually to set goals and establish formulae, based upon numerous factors including the Company's projected operating results. The formulae are generally progressive, meaning that lower levels of profitability by the Company result in a lower proportion of incentive compensation to pretax income than do higher levels of profitability. The Committee has reserved the right to alter the formulae at any time to reflect changing conditions.

The total short-term compensation which includes base salary and bonuses under the EIBP provides the executive officers of the Company compensation similar to other equivalent jobs with other

14

industrial employers at moderate levels of corporate financial performance.

LONG-TERM COMPENSATION

The Company's compensation program includes long-term compensation in the form of periodic grants of stock options. The granting of stock options is designed to link the interests of the executives with those of the shareholders as well as to retain key executives. Stock option grants provide an incentive that focuses the executives' attention on managing the Company from the perspective of an owner with an equity stake in the business. Stock options are tied to the future performance of the Company's stock and will provide value only if the price of the Company's stock increases after the stock option becomes exercisable and before the stock option expires.

Long-term compensation is offered only to those key employees who can make an impact on the Company's long-term performance.

COMPENSATION PAID TO THE CHIEF EXECUTIVE OFFICER

The Compensation Committee meets annually to evaluate the performance of the Chief Executive Officer. The compensation paid in fiscal 1995 to Mr. Michael H. Bernstein, the Company's Chief Executive Officer, was based on the factors generally applicable to compensation paid to executives of the Company as described in this Report.

In reviewing Mr. Bernstein's short-term compensation, the Committee reviews and considers Mr. Bernstein's recent performance, his achievements in prior years, his achievement of specific short-term goals and the Company's performance in that fiscal year. Mr. Bernstein's base salary and bonus for fiscal 1995 were approved based on this review process.

Additionally, Mr. Bernstein's long-term compensation was determined by considering such factors as the overall long-term goals of the Company, performance trends, potential stock appreciation and actual performance taking into consideration factors and conditions which affected that performance, both positively and negatively.

TAX COMPLIANCE POLICY

Certain provisions of the federal tax laws enacted in 1993 limit the deductibility of certain compensation for the Chief Executive Officer and the additional four executive officers who are highest paid and employed at year end to \$1 million per year each. This provision had no effect on the Company in fiscal 1995 since no officer of the Company received as much as \$1 million in applicable remuneration. Nonetheless, the Committee has discussed, but has not

15

decided how, the issue of tax deductibility should affect its compensation decisions for executive officers in the future in light of its policy to maintain a compensation program which will enable the Company to attract and retain qualified executives while maximizing the creation of long-term shareholder value.

Respectfully submitted:

* Ms. Shivers became a member of the Compensation Committee in February, 1995.

CASH COMPENSATION OF DIRECTORS

For the fiscal year ending April 2, 1995, no employee director of the Company was paid additional compensation as a member of the Board of Directors. Each nonemployee director of the Company is paid \$1,000 for each meeting attended and is reimbursed for all expenses they incur in connection with their service on the Board of Directors. No additional compensation is paid for committee service.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee consists of Ms. Shivers and Messrs. Swiren and Toub. Mr. Toub is an attorney who has provided services to the Company in the past. Mr. Toub provided such services during fiscal 1995 for which he was paid \$2,360. The Company expects he will continue to provide such services during fiscal 1996.

COMPLIANCE WITH SECTION 16(a) OF THE ACT

Based upon a review of Forms 3 and 4 and amendments thereto furnished to the Company during fiscal 1995 and Forms 5 and amendments thereto with respect to fiscal 1995, to the best of the Company's knowledge, no other reports were required during the fiscal year ended April 2, 1995 and all filing requirements applicable to directors, officers or ten percent (10%) shareholders of the Company required by Section 16(a) of the Securities Exchange Act of 1934 were filed on a timely basis except that Mr. Lance A. Solaroli reported information to correct his inadvertent failure to report ownership of 4,100 shares of Common Stock on his Form 3.

16

RELATED TRANSACTIONS

On February 29, 1994, the Company provided a bridge loan to Mr. Roger D. Chittum in the principal amount of \$225,000 with interest thereon at a rate of 6% per annum in connection with his relocation from Los Angeles, California to Atlanta, Georgia. The loan was collateralized by Mr. Chittum's Los Angeles home and was repaid out of the proceeds of the sale of this home on July 22, 1994.

PROPOSALS 2 AND 3 - APPROVAL OF AMENDMENT TO ARTICLES OF INCORPORATION TO INCREASE AUTHORIZED COMMON STOCK AND TO AUTHORIZE A NEW CLASS OF PREFERRED STOCK

On May 13, 1995, the Board of Directors of the Company adopted a resolution unanimously approving, and recommending to the Company's shareholders for their approval, amendments to the Company's Articles of Incorporation to provide for an increase to 50,000,000 the number of authorized shares of Common Stock, \$1.00 par value, in one or more series with voting rights, if any, as determined by the Board of Directors, and the creation of a new class of 10,000,000 shares of Preferred Stock, with such rights and preferences as are determined by the Board of Directors from time to time. The text of the proposed amendment is attached hereto as Annex A.

The authorized capital stock of the Company currently consists of 15,000,000 shares of Common Stock, \$1.00 par value per share, of which _____ were issued and outstanding as of June 15, 1995 and _____ were reserved for issuance under the Company's 1976 Stock Option Plan.

The Company currently has no plans to issue or to reserve for use any of the proposed new shares. The newly authorized shares would be available for use for any proper corporate purpose as may be determined from time to time by the Board of Directors in the exercise of its judgment as to the best interests of the Company and its shareholders. Authorization of the shares at this time is proposed in order to enable the Company to use them in the future without the delay and expense of special meetings of shareholders for each specific use. Following shareholder approval, the Board of Directors could issue the newly authorized shares without further action by shareholders, except for the requirement of the New York Stock Exchange that shareholder approval be obtained for certain issuances of additional shares of Common Stock in excess of 20% of the number of Common shares then outstanding.

The new class of Preferred Stock will have such designations, preferences, conversion rights, cumulative, relative, participating, optional or other

rights, including voting rights, qualifications,

17

limitations or restrictions thereof (collectively, the "Limitations and Restrictions") as are determined by the Board of Directors. Thus, if this Proposal is adopted, the Board of Directors will be authorized to create and issue up to 10,000,000 shares of Preferred Stock in one or more series with such Limitations and Restrictions as may be determined in the Board's sole discretion, with no further action by the shareholders.

Future corporate purposes might include a public offering or private placement of Common Stock and/or Preferred Stock in exchange for cash to be used for working capital, the construction or acquisition of capital assets, and/or business acquisitions. Such stock could be issued, alone or in combination with cash or other consideration, to acquire other companies or their businesses and assets. Other potential uses of the new shares include implementation and continuation of employee benefit plans (including the 1995 Stock Option Plan described in Proposal 5), the granting of options, warrants or other rights to acquire such stock in connection with employee benefit plans, business acquisitions, or otherwise. The newly authorized stock might also be used to pay stock dividends and to effect stock splits.

The issuance of newly authorized Common or Preferred Stock could have a dilutive effect on the voting power of existing holders of Common Stock and/or on earnings per share of outstanding Common Stock. Some of the uses to which the newly authorized shares might be put could discourage or make more difficult attempts to obtain control of the Company by means of merger, tender offer, proxy contest, or other means. Such shares could be used to create voting or other impediments and could be privately placed with purchasers favorable to the incumbent Board of Directors in opposing takeover attempts. The Board of Directors could authorize holders of a series of Common or Preferred Stock to vote either separately as a class or with the holders of the Company's currently outstanding Common Stock on any merger, sale or exchange of assets by the Company or any other extraordinary corporate transaction. The Company could use the additional authorized shares as a basis for the issuance to existing shareholders of rights to acquire additional shares at prices lower than the prices paid by persons acquiring control of the Company in the event of a takeover not approved by the Board of Directors. The mere existence of the additional authorized shares could have the effect of discouraging unsolicited takeover attempts.

Approval of the amendments to the Company's Articles of Incorporation requires the affirmative vote of two-thirds of the outstanding shares of Common Stock which are entitled to vote at the Annual Meeting. Unless otherwise specified, the proxy holders designated in the proxy will vote the shares covered thereby at the Annual Meeting "FOR" the approval of each of the amendments.

18

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE AMENDMENT TO THE ARTICLES OF INCORPORATION: TO INCREASE THE NUMBER OF AUTHORIZED COMMON STOCK TO 50,000,000 SHARES, AND TO AUTHORIZE A NEW CLASS OF 10,000,000 SHARES OF PREFERRED STOCK.

PROPOSAL 4 - APPROVAL OF THE AMENDMENT TO THE COMPANY'S BYLAWS TO CLASSIFY THE COMPANY'S BOARD OF DIRECTORS

On May 13, 1995 the Board of Directors of the Company adopted a resolution unanimously approving and recommending to the Company's shareholders for their approval an amendment to the Company's Bylaws that would divide the Board into

three classes with staggered terms. The text of the proposed amendment is attached hereto as Annex B.

The Board of Directors recommends that the Bylaws be amended to divide the Board into three classes, as nearly equal in size as possible. After a start-up period during which two classes will be elected for one-year and two-year terms, the term of office of the directors of each class shall expire at the third annual meeting after their election. This proposal is intended to provide continuity of management and policies and to encourage anyone seeking control of the Company to negotiate with management to reach terms acceptable to the Board. Adoption of this proposal will make it more difficult to change the composition of the Board. The Bylaws currently require that the entire Board be subject to election each year so it would take only one year for the Board to be replaced. Following adoption of the proposal, at least two annual meetings, or a special meeting called for the purpose of removing the directors, would be required to effect a change in control of the Board of Directors.

While the Board believes that the proposed amendment to the Bylaws should be adopted for the reasons set forth above, the Board is aware that the proposed amendment may tend to deter any unfriendly tender offers or other efforts to gain control of the Company and thereby deprive shareholders of opportunities to sell shares at higher than market prices. Dividing the Board into three classes with staggered terms will make it more difficult for shareholders to change a majority of current directors. These provisions are effective without regard to whether a change in control has occurred or is occurring and therefore may also have the effect of preventing shareholders from replacing directors for reasons unrelated to the control of the Company. The Company is not aware, however, of any effort to accumulate its securities or to gain control of it at this time, and the proposal is not being adopted in order to block any such effort.

If the shareholders approve the amendment to the Bylaws to classify the Board of Directors, then the directors elected at this

Annual Meeting shall have the terms of office as described in Proposal 1 - "Election of Directors" above.

Approval of the amendment to the Company's Bylaws requires the affirmative vote of a majority of the outstanding shares of Common Stock which are entitled to vote at the Annual Meeting. Unless otherwise specified, the proxy holders designated in the proxy will vote the shares covered thereby at the Annual Meeting "FOR" the approval of the amendment.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE AMENDMENT TO THE BYLAWS: TO CLASSIFY THE COMPANY'S BOARD OF DIRECTORS

PROPOSAL 5 - APPROVAL OF THE 1995 STOCK OPTION PLAN

On May 13, 1995, the Board of Directors of the Company (the "Board") adopted the 1995 Stock Option Plan (the "Plan"), subject to approval by the shareholders of the Company. A copy of the Plan is attached as Annex C. The Plan is intended to replace the 1976 Crown Crafts, Inc. Non-Qualified Stock Option Plan (the "1976 Plan"). The Board may grant additional options under the 1976 Plan through August 30, 1998 to the extent of shares previously authorized. The 1976 Plan will continue to govern all options issued under it until they are exercised or expire.

The new Plan generally allows for greater flexibility in structuring option grants than is permitted under the 1976 Plan. The Plan provides for grants of both incentive stock options intended to qualify under Section 422 of the Internal Revenue Code ("Incentive Stock Options") and nonstatutory stock options ("Nonstatutory Stock Options"), whereas the 1976 Plan permits only grants of Nonstatutory Stock Options. The Plan also allows for automatic grants of Nonstatutory Stock Options to nonemployee directors of the Company,

who are not eligible to receive options under the 1976 Plan. The provisions of the new Plan are summarized below.

GENERAL

The purpose of the Plan is to advance the interests of the Company and its shareholders by affording selected employees and nonemployee directors an opportunity to acquire or increase their proprietary interests in the Company through the exercise of options to purchase Common Stock ("Options"). Options granted to employees may be either Incentive Stock Options or Nonstatutory Stock Options. All options granted to nonemployee directors will be Nonstatutory Stock Options. The Company estimates that approximately 90 individuals will be eligible to participate in the

20

Plan.

SHARES AVAILABLE UNDER THE PLAN

Subject to adjustment as provided under the Plan, the maximum number of shares of Common Stock that may be issued and sold pursuant to the exercise of Options under the Plan, in the aggregate or to any one employee, is 1,500,000 shares. Shares issued under the Plan may be either authorized but unissued shares or shares issued and reacquired by the Company.

ADMINISTRATION

The Plan will be administered by a committee of members of the Board (the "Committee"). For purposes of grants of Options to officers and directors of the Company subject to Section 16 of the Exchange Act, the Committee must consist solely of nonemployee directors. For purposes of grants of Options to other employees, the Committee may delegate its authority under the Plan to any member or members of the Board.

ELIGIBILITY

Key employees of the Company and its subsidiaries may be selected by the Committee to receive Options under the Plan. In addition, nonemployee directors of the Company will be eligible for nondiscretionary grants of Options as described below under the heading "Awards of Options to Nonemployee Directors."

AWARDS OF OPTIONS TO EMPLOYEES

Subject to the terms of the Plan, the Committee will have the discretion to determine which employees will receive Options, the number of shares subject to each Option and the other terms and conditions of each Option. Each Option granted to an employee will be evidenced by a written stock option agreement setting forth the terms of the Option.

The per share Option price of an Incentive Stock Option must be equal to or greater than the fair market value of the Stock on the date the Option is granted. The per share Option price of a Nonstatutory Stock Option may be less than the fair market value of the Stock on the date the Option is granted.

The period during which an Option may be exercised will be determined by the Committee, but an Incentive Stock Option may not be exercisable more than 10 years from the date of grant (5 years in the case of an Option granted to an employee considered to own more than 10 percent of the voting stock of the Company). The Committee may provide that an Option shall become exercisable in installments and further condition an Optionee's right to exercise all or a portion of the Option. Unless otherwise provided in the stock

21

option agreement, an Option will become immediately exercisable in full upon a Change in Control of the Company (as defined in the Plan).

If an optionee terminates employment with the Company or a subsidiary for any reason, other than death or disability, the unexercised portion of the Option will immediately terminate unless the Committee provides in the stock option agreement that the Option will remain exercisable after such termination (but only to the extent of the number of shares with respect to which the Option was exercisable at the date of termination). A stock option agreement may not provide for the extension of an Option beyond the earlier of the expiration date specified in the agreement or 90 days beyond the date of termination.

If an employee dies or becomes disabled while employed by the Company, the Option will become immediately exercisable in full (unless otherwise specified in the stock option agreement) and may be exercised within 1 year following the date of the Optionee's death or disability, or any shorter period specified in the stock option agreement.

Options may be exercised by payment of the Option price in cash, by delivery of nonforfeitable shares of Stock owned by the optionee for at least 6 months and having a fair market value at the time of exercise equal to the Option price, or a combination of cash and shares of Stock.

Except as expressly authorized by the Committee, an Option may not be transferred by an employee other than by will or the laws of descent and distribution.

AWARDS OF OPTIONS TO NONEMPLOYEE DIRECTORS

If the Plan is approved by the shareholders, each individual who is serving as a director on the first business day following the 1995 annual meeting and who is not an employee of the Company will be granted an option to purchase 2,000 shares of Stock. On the first business day following each subsequent annual meeting date, an Option to purchase an additional 2,000 shares of Stock will be granted automatically to each person serving as a nonemployee director. Nonemployee directors are not eligible to receive any other awards under the Plan.

The Option price per share for each Option granted to a nonemployee director will be equal to the fair market value of the Stock on the date of grant. Each such Option will first become exercisable with respect to one-third of the shares subject to the Option on each of the first three anniversaries of the date of grant and will expire on the fifth anniversary of the date of grant. However, in the event of a Change in Control of the Company, the Option will become immediately exercisable in full.

22

If a nonemployee director terminates membership on the Board for any reason, an Option held by the director on the date of termination may be exercised only to the extent that the Option was exercisable on the date of such termination and will expire on the earlier of the expiration of the period of exercisability stated in the Option or 90 days beyond the date of the nonemployee director's termination of service on the Board.

Option rights may be exercised by a nonemployee director by payment of the Option price in cash, shares of Common Stock previously owned by the director for at least 6 months, or a combination of both.

No Option may be transferred by a nonemployee director other than by will or the laws of descent and distribution.

LSARS

Each Option granted to a nonemployee director and, unless otherwise determined by the Committee, each Option granted to an employee will include a limited stock appreciation right ("LSAR") relating to the number of shares of

Stock subject to the Option. An LSAR will be exercisable only upon a Change in Control of the Company (as defined in the Plan).

For each share of Stock with respect to which an LSAR is exercised, an optionee will be entitled to a cash payment from the Company equal to the difference between the Option price per share and the greater of the highest price per share of Stock paid in the Change of Control and the highest market price of a share of Stock during the 60-day period immediately preceding the Change in Control. The exercise of an LSAR with respect to a number of shares of Stock will result in the cancellation of the related Option with respect to that number of shares, and the exercise, termination or cancellation of an Option with respect to a number of shares of Stock will result in the cancellation of the related LSAR with respect to that number of shares.

An LSAR generally will be exercisable only during the 60-day period following a Change in Control. However, if an LSAR held by an optionee who is subject to Section 16 of the Exchange Act becomes exercisable prior to the expiration of 6 months following the date on which it is granted, the LSAR will also be exercisable for an additional 60-day period following the expiration of such 6-month period. An LSAR will be exercisable only to the extent that the related Option is exercisable.

ADJUSTMENTS

In the event of stock dividends, stock splits, combinations of shares, recapitalizations and other changes in capital structure, mergers, consolidations, spin-offs, reorganizations, liquidations,

issuances of rights or warrants or similar events, the Committee will have the authority to make adjustments to prevent dilution or enlargement of the rights of optionees. The Committee may adjust the number of shares subject to each outstanding Option, the Option price thereunder and the number and kind of shares subject to the Option. The Committee may also adjust the maximum number of shares that may be issued under the Plan and the number of shares subject to Options automatically granted to nonemployee directors. The Committee may also provide in substitution for any or all outstanding Options such alternative consideration as it may in good faith determine to be equitable, or it may provide that the Optionee will be entitled to receive an equivalent grant or award in respect of securities of the surviving entity of any merger, consolidation or similar transaction.

The Board may terminate or amend the Plan at any time, but without further approval of the shareholders of the Company no amendment may (i) increase the maximum number of shares that may be issued under the Plan (except as an adjustment described in the preceding paragraph), (ii) materially increase benefits accruing to participants in the Plan, or (iii) materially modify the requirements as to eligibility for participation in the Plan. In addition, the provisions of the Plan relating to grants of Options to nonemployee directors may not be amended more than once every 6 months, except to comport with changes in the Internal Revenue Code, the Employee Retirement Income Security Act of 1974 or the rules of the Securities and Exchange Commission.

TAX CONSEQUENCES TO PARTICIPANTS

Nonstatutory Stock Options. In general, no income will be recognized by an optionee at the time of grant of a Nonstatutory Stock Option. At exercise, the optionee will recognize ordinary income in an amount equal to the difference between the Option price paid for the shares and the fair market value of the shares at the date of exercise. Upon a sale of the shares, appreciation (or depreciation) after the exercise will be treated as short-term or long-term capital gain (or loss) depending on how long the shares have been held.

Incentive Stock Options. An optionee generally will not recognize income upon the grant or exercise of an Incentive Stock Option. If no disqualifying disposition of the shares is made within 2 years after the date of grant of the Option or within 1 year after the exercise of the Option, then upon the sale of

the shares, any amount realized in excess of the Option price will be taxed to the optionee as long-term capital gain, and any loss sustained will be long-term capital loss.

If shares of Stock acquired upon the exercise of an Incentive Stock Option are disposed of prior to either of the holding periods described above, the optionee generally will recognize ordinary

24

income in the year of disposition equal to the amount of the excess (if any) of the fair market value of the shares at the time of exercise (or, if less, the amount realized on the disposition of such shares in a sale or exchange) over the Option price paid for the shares. Any further gain (or loss) realized by the optionee generally will be taxed as short-term or long-term capital gain (or loss) depending on the holding period.

LSARs. No income will be recognized by an optionee in connection with the grant of an LSAR. When the LSAR is exercised, the participant normally will recognize ordinary income in an amount equal to the amount of cash received.

TAX CONSEQUENCES TO THE COMPANY

To the extent that an optionee recognizes ordinary income in circumstances described above, the Company will be entitled to a corresponding deduction, provided, among other things, that such income meets the test of reasonableness, is an ordinary and necessary business expense and is not an "excess parachute payment."

Approval of the Plan requires the affirmative vote of the majority of the outstanding shares of Common Stock which are entitled to vote at the Annual Meeting.

ANNEX B

TEXT OF PROPOSED ARTICLE III, SECTION 2 OF THE BY-LAWS OF CROWN CRAFTS, INC.

2. Number, Election and Term. The number of directors which shall constitute the whole board shall be not less than three nor more than fifteen, the exact number thereof to be determined by resolution of the Board of Directors; provided, however, that the number of directors may be increased or decreased from time to time by the Board of Directors by amendment of this by-law, but no decrease shall have the effect of shortening the term of an incumbent director. The directors shall be elected by plurality vote at the annual meeting of shareholders, except as hereinafter provided. Directors shall be natural persons who have attained the age of 18 years, but need not be residents of the State of Georgia or shareholders of the corporation. At the first election of directors to such classified Board, each Class 1 director shall be elected to serve until the next ensuing annual meeting of shareholders, each Class 2 director shall be elected to serve until the second ensuing annual meeting of shareholders and each Class 3 director shall be elected to serve until the third ensuing annual meeting of shareholders, and in each case until his or her successor is elected and qualified or until his or her earlier death, resignation or removal from office. At each annual meeting of shareholders following the meeting at which the Board of Directors is initially classified, the number of directors equal to the number of the class whose term expires at the time of such meeting shall be elected to serve until the third ensuing annual meeting of shareholders. Notwithstanding any of the foregoing provisions of this Section 2, directors shall serve until their successors are elected and qualified or until their earlier death, resignation or removal from office.

In the event of any change in the authorized number of directors, the number of directors in each class shall be adjusted so that thereafter each of the three classes shall be composed, as nearly as may be possible, of one-third of the authorized number of directors; provided, that any change in the authorized number of directors shall not increase or shorten the term of any director, and any decrease shall become effective only as and when the term or terms of office of the class or classes of directors affected thereby shall expire, or a vacancy or vacancies in such class or classes shall occur.

ARTICLE II.

THE PLAN

2.1 Purpose. The purpose of the Plan is to advance the interests of the Company and its shareholders by affording selected Employees and Nonemployee Directors an opportunity to acquire or increase their proprietary interests in the Company by granting such persons Options to purchase Stock in the Company.

2.2 Effective Date. The Plan shall become effective on the Effective Date; provided, if the Plan is not approved by the holders of a majority of the shares of stock of the Company represented at a meeting and entitled to vote thereon within 12 months before or after the date on which the Plan is adopted by the Board, the Plan and any Options granted thereunder shall terminate and become null and void.

2.3 Termination Date. Subject to Section 2.2 hereof, the Plan shall terminate and no further Options shall be granted hereunder upon the 10th

anniversary of the Effective Date.

ARTICLE III.

PARTICIPANTS

Employees and Nonemployee Directors shall be eligible to participate in the Plan. The Committee may grant Options to any Employee as it may determine from time to time in its sole discretion. In addition, Nonemployee Directors shall be awarded Options on a nondiscretionary basis as provided in Article VII hereof.

ARTICLE IV.

ADMINISTRATION

4.1 Duties and Powers of Committee.

(a) The Plan shall be administered by the Committee. The Board may from time to time remove members from, or add members to,

5

the Committee and shall fill any vacancy on the Committee. The Committee shall keep minutes of its meetings and shall make such rules and regulations for the conduct of its business as it may deem necessary. The determination of the Committee on the matters referred to in this Section 4.1 shall be conclusive.

(b) Subject to the express provisions of the Plan, the Committee shall have the discretion and authority to determine to whom from among the Employees an Option will be granted, the time or times at which each Option granted to an Employee may be exercised, the number of shares of Stock subject to each such Option and the terms and conditions of each such Stock Option Agreement. Subject to the express provisions of the Plan, the grant of an Option by the Committee shall be final and shall not be subject to approval by any other party. Notwithstanding the foregoing or anything in the Plan to the contrary, the Committee shall not exercise discretion with respect to grants of Options to Nonemployee Directors or the terms and conditions of Stock Option Agreements with Nonemployee Directors, which shall be subject to Article VII hereof.

(c) Subject to the express provisions of the Plan, the Committee shall also have complete authority to interpret the Plan, to prescribe, amend and rescind rules and requirements relating to it, to determine the details and provisions of each Stock Option Agreement, and to make all other determinations necessary or advisable in the administration of the Plan, including, without limitation, the amending or altering of the Plan and any Options granted hereunder as may be required to comply with or to conform to any federal, state or local laws or regulations.

(d) No member of the Board or the Committee shall be liable to any person for any action or determination made in good faith with respect to the Plan or any Option granted hereunder.

4.2 Majority Rule. A majority of the members of the Committee shall constitute a quorum, and any action taken by a majority at a meeting at which a quorum is present or any action taken without a meeting evidenced by a writing executed by all the members of the Committee shall constitute the action of the Committee.

ARTICLE V.

SHARES OF STOCK SUBJECT TO PLAN

5.1 Limitations. Subject to adjustments pursuant to the provisions of Section 5.2 hereof, the maximum number of shares of Stock that may be issued

and sold pursuant to the exercise of Options hereunder, in the aggregate or to any one Employee, shall not exceed 1,500,000 shares of Stock. The grant of an LSAR shall not reduce the number of shares of Stock that may be issued and sold hereunder. Shares of Stock subject to an Option may be either

6

authorized but unissued shares or shares issued and reacquired by the Company. If outstanding Options granted hereunder shall terminate or expire for any reason without being wholly exercised, the shares of Stock allocable to any unexercised portion of such Option may again be the subject of an Option granted under the Plan.

5.2 Adjustments. In the event of any stock dividend, stock split, combination of shares, recapitalization or other change in the capital structure of the Company, any merger, consolidation, spin-off, reorganization, partial or complete liquidation or other distribution of assets, issuance of rights or warrants to purchase securities, or any other corporate transaction having an effect similar to any of the foregoing:

(a) The Committee may make or provide for such adjustments in the number of shares of Stock subject to each outstanding Option, the Option price applicable to such Option and the kind of shares covered thereby, as the Committee in its sole discretion may in good faith determine to be equitably required in order to prevent dilution or enlargement of the rights of Optionees;

(b) The Committee may make or provide for such adjustments in the number of shares specified in Sections 5.1 and 7.2 as the Committee in its sole discretion may in good faith determine to be appropriate in order to reflect such transaction or event; and

(c) The Committee may provide in substitution for any or all outstanding Options such alternative consideration as the Committee may in good faith determine to be equitable under the circumstances, or it may provide that the Optionee will be entitled to receive an equivalent grant or award in respect of securities of the surviving entity of any merger, consolidation or other transaction having a similar effect.

Notwithstanding the foregoing, (i) any adjustments or amendments to Incentive Stock Options under this Section 5.2 shall, if determined by the Committee, be made in accordance with Section 424(a) of the Code so as to preserve the status of such Options as incentive stock options under Section 422 of the Code, and (ii) Nonstatutory Stock Options subject to grants or previously granted to Nonemployee Directors at the time of any such event described in this Section 5.2 shall be subject only to such adjustment as shall be necessary to maintain the proportionate interest of the Optionee and preserve, without exceeding, the value of the Option.

7

ARTICLE VI.

OPTIONS TO BE GRANTED TO EMPLOYEES

6.1 General. The provisions of this Article VI shall apply to Options granted by the Committee to Employees and, except as expressly set forth in Article VII, shall not apply to Options granted to Nonemployee Directors.

6.2 Option Grant. Each Option granted hereunder to an Optionee shall be evidenced by minutes of a meeting of the Committee or the written consent of the Committee, and by a written Stock Option Agreement dated as of the date of grant and executed by the Company and the Optionee. As to each such grant hereunder, the terms of the Option, including the Option's duration, time or

times of exercise, and exercise price shall be stated in the Stock Option Agreement. The Stock Option Agreement shall clearly identify whether the Options granted are Incentive Stock Options or Nonstatutory Stock Options. If an Incentive Stock Option and a Nonstatutory Stock Option are issued together, the right of the Optionee to exercise or surrender one such Option shall not be conditioned on the surrender of, or failure to exercise, the other Option. The terms and conditions of each Stock Option Agreement shall be consistent with the Plan, and in the event of any inconsistencies between the Plan and any Stock Option Agreement, the terms of the Plan shall control.

6.3 Optionee Limitations. To the extent that the aggregate Fair Market Value of stock of the Company with respect to which Incentive Stock Options are exercisable for the first time by an Optionee during any calendar year (under the Plan and all other Incentive Stock Option plans of the Company) exceeds \$100,000, such options shall be treated as Nonstatutory Stock Options. The rule set forth in the preceding sentence shall be applied by taking options into account in the order in which they were granted. For purposes of this Section 6.3, the Fair Market Value of stock shall be determined as of the time the option with respect to such stock is granted.

6.4 Option Price. The per share Option price of the Stock subject to each Incentive Stock Option shall be equal to the Fair Market Value of the Stock on the date the Option is granted; provided, the Option price of the Stock subject to any Incentive Stock Option granted to a Ten Percent Shareholder shall be equal to at least 110% of the Fair Market Value of the Stock. The per share Option price of the Stock subject to each Nonstatutory Stock Option shall be determined by the Committee, and may be less than Fair Market Value on the date the Option is granted.

6.5 Exercise Period. The period of the exercise of each Option shall be determined by the Committee, but in no instance shall the exercise period for an Incentive Stock Option exceed 10 years (5 years in the case of an Option granted to a Ten Percent Shareholder) from the date of grant of the Option. The Committee shall have the right to accelerate, in whole or in part, from time

8

to time, conditionally or unconditionally, rights to exercise any Option granted hereunder.

6.6 Acceleration Upon Change in Control. Unless otherwise determined by the Committee and set forth in the Stock Option Agreement, each Option shall become fully and immediately exercisable upon the occurrence of a Change in Control, provided that the Optionee is employed by the Company or a Subsidiary on the date of such Change in Control. Notwithstanding the foregoing, if an Employee exercises an LSAR following an event described in paragraph (iv) or (v) of the definition of Change in Control contained in Article I hereof, the exercise of any portion of the Option which would not, except to the extent that such event constitutes a Change in Control, then be exercisable shall not be effective until the expiration of the 90 day period following such event. If the directors determine that the event did not constitute a Change in Control in accordance with paragraph (viii) of such definition, the exercisability of the Option shall not be accelerated.

6.7 Option Exercise. Unless otherwise provided in the Stock Option Agreement, an Option shall be exercisable in whole or in part at any time and from time to time prior to expiration of the Option. The Committee shall have the authority in its sole discretion to prescribe in any Stock Option Agreement that the Option may be exercised in installments during the term of the Option and to further condition an Optionee's right to exercise all or any portion thereof.

(a) An Option may be exercised at any time and from time to time during the term of the Option as to any or all full shares of Stock that have become purchasable under the provisions of the Option, but not at any time as to fewer than 100 shares unless the remaining shares that are purchasable are fewer than 100 shares. An Option shall be exercised by written notice of exercise of the Option with respect to a specified number of shares of Stock

delivered to the Company at its principal office.

(b) The Option price for the number of shares of Stock with respect to which the Option is being exercised shall be paid in full in cash or check acceptable to the Company, and the Company shall not be required to deliver certificates for such shares until such payment has been made; provided, in lieu of cash funds, an Optionee may, to the extent permitted by the Stock Option Agreement at the date of grant, exercise the Option in whole or in part (i) by tendering to the Company nonforfeitable shares of Stock owned by the Optionee for at least 6 months and having a Fair Market Value equal to the Option price applicable to the Option, or a combination of cash and shares or (ii) by deferred payment from the proceeds of sale through a broker of some or all of the shares of Stock to which the exercise relates. The Optionee shall not have any of the rights of a stockholder with respect to the shares of Stock subject to the

9

Option until such shares have been issued or transferred to the Optionee upon the exercise of the Option.

(c) In addition to and at the time of payment of the Option price, the Optionee shall pay to the Company in cash or check acceptable to the Company the full amount of any federal, state or local withholding or other employment taxes required by any government to be withheld or otherwise deducted and paid by the Company in respect of such exercise. To the extent permitted by the Committee at the time of exercise, any withholding obligation may be satisfied by relinquishment of that number of the shares of Stock with respect to which the Option is being exercised having a Fair Market Equal to the required withholding, or a combination of cash and shares. In addition, the Company shall have the right to withhold the amount of such taxes from any other sums due or to become due from the Company to the Optionee, upon such terms and conditions as the Committee shall prescribe.

6.8 Nontransferability of Option. Except as expressly authorized by the Committee, no Option may be transferred by an Optionee otherwise than by will or the laws of descent and distribution.

6.9 Termination of Service. Except as otherwise provided in Section 6.11 hereof, in the event of termination of the employment of an Optionee by the Company or a Subsidiary for any reason, including retirement, any Option held by the Optionee, to the extent not theretofore exercised, shall forthwith terminate unless the Committee, in its sole discretion, provides in the Stock Option Agreement that the Option shall be exercisable after such termination (but only to the extent of the number of shares of Stock with respect to which the Option may be exercised at the date of termination of employment), and, provided further, that in no event shall any Stock Option Agreement provide for the extension of the period during which the Option may be exercised beyond the earlier of (i) the expiration of the period of exercisability of such Option as specified in the Stock Option Agreement, or (ii) 90 days from the date of termination.

6.10 No Right to Employment. Nothing in the Plan or in any Option or Stock Option Agreement shall confer on any person any right to continue in the employ of the Company or a Subsidiary or shall interfere in any way with any right the Company or a Subsidiary may have to terminate such person's employment at any time.

6.11 Death or Disability of Holder of Option. In the event any Optionee dies or becomes a Disabled Person while the Optionee is an employee of the Company or a Subsidiary, any Option created pursuant to the Plan held by the Optionee (i) shall become immediately exercisable in full (unless otherwise specified in the Stock Option Agreement), and (ii) may be exercised by the Optionee or the legatee

or legatees under the Optionee's will, or by the Optionee's personal representative or distributees, within 1 year following the date of the Optionee's disability or death, or such shorter period as may be specified in the Stock Option Agreement, but in no event after the expiration of the period of exercisability of such Option as specified in the Stock Option Agreement. If an Option granted hereunder shall be exercised by the personal representative of a deceased, disabled or former employee, or by a person who acquired an Option granted hereunder by bequest or inheritance or by reason of the death of any employee or former employee, written notice of such exercise shall be accompanied by a certified copy of letters testamentary or equivalent proof of the right of such personal representative or other person to exercise such Option.

ARTICLE VII.

OPTIONS TO BE GRANTED TO NONEMPLOYEE DIRECTORS

7.1 Nondiscretionary Grants. Each Option granted hereunder to a Nonemployee Director shall be evidenced by a written Stock Option Agreement dated as of the date of grant and executed by the Company and the Optionee. Each such Stock Option Agreement shall include and conform to the terms and conditions set forth in this Article VII, and such other terms and conditions not inconsistent herewith.

7.2 Annual Grants. On the first business day following each Annual Meeting Date, each Nonemployee Director serving on the Board of Directors on such date shall be granted an Option to purchase 2,000 shares of Stock. Each Option granted to a Nonemployee Director shall include a related LSAR as described in Article VIII hereof.

7.3 Option Price. The per share Option price of the Stock subject to each Option granted to a Nonemployee Director shall be equal to the Fair Market Value of the Stock on the date the Option is granted.

7.4 Exercise Period. Each Option granted to a Nonemployee Director shall first become exercisable with respect to one-third of the number of shares subject to the Option on each of the first three anniversaries of the date of grant and shall expire on the fifth anniversary of the date of grant of the Option. Notwithstanding the foregoing, each Option granted to a Nonemployee Director shall become fully and immediately exercisable upon the occurrence of a Change in Control.

7.5 Option Exercise. Each Option granted to a Nonemployee Director may be exercised in the manner described in Section 6.7(a) and (b) hereof. Each such Stock Option Agreement shall provide for the exercise of such Option by payment of cash or check or by the

tender of shares of Stock in the manner described in Section 6.7(b) hereof.

7.6 Nontransferability of Option. No Option shall be transferred by a Nonemployee Director otherwise than by will or the laws of descent and distribution. During the lifetime of an Optionee, an Option shall be exercisable only by the Optionee.

7.7 Termination of Membership on the Board. If a Nonemployee Director terminates membership on the Board of Directors for any reason, including death, an Option held by the Optionee on the date of such termination may be exercised in whole or in part (but only to the extent of the number of shares of Stock with respect to which the Option was exercisable at the date of such termination) at any time prior to the earlier of (i) the expiration of the period of exercisability of such Option as specified in Section 7.4, or (ii) 90 days from the date of termination. If an Option granted hereunder shall be exercised by the personal representative of a deceased Nonemployee Director, or by a person who acquired an Option granted hereunder by bequest or inheritance

or by reason of the death of any Nonemployee Director, written notice of such exercise shall be accompanied by a certified copy of letters testamentary or equivalent proof of the right of such personal representative or other person to exercise such Option.

ARTICLE VIII.

LIMITED STOCK APPRECIATION RIGHTS

8.1 General. Each Option granted to a Nonemployee Director, and unless otherwise determined by the Committee, each Option granted pursuant to the Plan shall include a limited stock appreciation right ("LSAR") relating to a number of shares of Stock subject to such option. Each LSAR granted hereunder shall be subject to the terms and conditions set forth below:

8.2 Benefit Upon Exercise. The exercise of an LSAR with respect to any number of shares of Stock shall entitle the Optionee to a cash payment, for each such share, equal to the excess of (a) the greater of (i) the highest price per share of Stock paid in a tender offer, exchange offer or merger occurring in connection with the Change in Control with respect to which such LSAR became exercisable and (ii) the highest Fair Market Value of a share of Stock during the 60 day period immediately preceding such Change in Control over (b) the Option price of the related Option. Such payment shall be paid as soon as practical, but in no event later than the expiration of 5 business days after the effective date of such exercise. The Company shall have the right to withhold from the payment an amount sufficient to satisfy any federal, state or local tax withholding obligations in respect of such exercise.

12

8.3 Term and Exercise of LSARs. An LSAR shall be exercisable only during the period commencing on the first day following the occurrence of a Change in Control and terminating on the expiration of 60 days after such date. Notwithstanding the preceding sentence, in the event that an LSAR held by any Optionee who is or may be subject to the provisions of Section 16 of the Exchange Act becomes exercisable prior to the expiration of 6 months following the date on which it is granted, the LSAR shall also be exercisable during the period commencing on the first day immediately following the expiration of such 6 month period and terminating on the expiration of 60 days following such date. Notwithstanding anything else herein, an LSAR may be exercised only if and to the extent that the Option to which it relates is exercisable.

(a) The exercise of an LSAR with respect to a number of shares of Stock shall cause the immediate and automatic cancellation of the related Option with respect to an equal number of shares. The exercise of an Option, or the cancellation, termination or expiration of an Option (other than pursuant to this subsection), with respect to a number of shares of Stock, shall cause the cancellation of the LSAR with respect to an equal number of shares.

(b) Each LSAR shall be exercisable in whole or in part; provided, no partial exercise of an LSAR shall be for fewer than 100 shares of Stock. The partial exercise of an LSAR shall not cause the expiration, termination or cancellation of the remaining portion thereof.

(c) No LSAR shall be assignable or transferable otherwise than together with its related Option.

(d) An LSAR shall be exercised only by written notice of exercise served upon the Company specifying the number of shares of Stock in respect of which the LSAR is being exercised and the proposed effective date of exercise. The Optionee may withdraw such notice at any time prior to the close of business on the business day immediately preceding the proposed effective date of exercise.

(e) Notwithstanding anything to the contrary in this Article VIII, if an Employee exercises an LSAR following an event described in paragraph (iv)

or (v) of the definition of Change in Control contained in Article I hereof, no payment shall be made to the Employee during the 90 day period following such event. If the directors determine that the event did not constitute a Change in Control in accordance with paragraph (viii) of such definition, the exercise of the LSAR shall be invalid. During this 90 day period, the Employee may withdraw the notice of exercise of the LSAR at any time.

ARTICLE IX.

STOCK CERTIFICATES

The Company shall not be required to issue or deliver any certificate for shares of Stock purchased upon the exercise of any Option granted hereunder or any portion thereof, prior to fulfillment of all of the following conditions:

- (a) The admission of such shares to listing on all stock exchanges on which the Stock is then listed;
- (b) The completion of any registration or other qualification of such shares under any federal or state law or under the rulings or regulations of the Securities and Exchange Commission or any other governmental regulatory body that the Committee shall in its discretion deem necessary or advisable; and
- (c) The obtaining of any approval or other clearance from any federal or state governmental agency that the Committee shall in its sole discretion determine to be necessary or advisable.

ARTICLE X.

PURCHASE FOR INVESTMENT

Except as hereafter provided, the Board may require as a condition of issuance of any shares of Stock pursuant to this Plan that the holder of an Option granted hereunder shall, upon any exercise thereof, execute and deliver to the Company a written statement, in form satisfactory to the Company, in which such holder represents and warrants that such holder is purchasing or acquiring the shares of Stock acquired thereunder for such holder's own account, for investment only and not with a view to the resale or distribution thereof, and agrees that any subsequent resale or distribution of any of such shares of Stock shall be made only pursuant to either (a) a registration statement on an appropriate form under the Securities Act of 1933, as amended (the "Securities Act"), which registration statement has become effective and is current with regard to the shares of Stock being sold, or (b) a specific exemption from the registration requirements of the Securities Act, but in claiming such exemption the holder shall, prior to any offer of sale or sale of such shares of Stock, if required by the Company, obtain a prior favorable written opinion, in form and substance satisfactory to the Company, from counsel for or approved by the Company, as to the application of such exemption thereto. The foregoing restriction shall not apply to issuances by the Company so long as the shares of Stock being issued are registered under the Securities Act and a prospectus in respect thereof is current.

14

ARTICLE XI.

LEGENDS

The Company may endorse such legend or legends upon the certificates for

shares of Stock issued upon exercise of an Option granted hereunder, and the Committee may issue such "stop transfer" instructions to its transfer agent in respect of such shares of Stock, as the Committee, in its discretion, determines to be necessary or appropriate to (i) prevent a violation of, or to perfect an exemption from, the registration requirements of the Securities Act, (ii) implement the provisions of any agreement between the Company and the Optionee with respect to such shares of Stock, or (iii) permit the Company to determine the occurrence of a disqualifying disposition, as described in Section 421(b) of the Code, of shares of Stock transferred upon exercise of an Incentive Stock Option granted under the Plan.

ARTICLE XII.

TERMINATION, AMENDMENT AND MODIFICATION OF PLAN

The Board may at any time terminate the Plan, and may at any time and from time to time and in any respect amend or modify the Plan; provided, the Board, without approval of the shareholders of the Company, may not adopt any amendment to the Plan if the amendment would:

- (a) increase the total number of shares of Stock that may be issued pursuant to the Plan except as contemplated in Section 5.2 hereof;
- (b) materially increase the benefits accruing to participants in the Plan; or
- (c) materially modify the requirements as to eligibility for participation in the Plan.

Provided further, in no event shall any provision of Article VII hereof be amended more than once every 6 months other than to comport with changes in the Code, the Employee Retirement Income Security Act of 1974, or the rules thereunder, or rules promulgated by the Securities and Exchange Commission.

Notwithstanding the foregoing, the Board shall not terminate, amend or modify the Plan in any manner so as to affect the price of the shares of Stock purchasable pursuant to any Option theretofore granted under the Plan without the consent of the Optionee or transferee of the Option. Neither the amendment, suspension nor termination of the Plan shall, without the consent of the holder of

15

the Option, impair any rights or obligations under any Option theretofore granted.

ARTICLE XIII.

RELATIONSHIP TO OTHER COMPENSATION PLANS

The adoption of the Plan shall not affect any other stock option, incentive or other compensation plans in effect for the Company, nor shall the adoption of the Plan preclude the Company from establishing any other forms of incentive or other compensation for employees. Any benefits earned or income realized under the Plan shall not be deemed to constitute compensation or income for purposes of any other plan or payroll practice of the Company or any Subsidiary, except as expressly set forth in such other plan or practice.

ARTICLE XIV.
