**Crown Crafts Reports Results for Fiscal 2013 Fourth Quarter and Full Year**

- Full-year net income up 1.4% to \$5.1 million
- Dividend payments during fiscal 2013 of \$7.7 million, or \$0.78 per share
- Net income at highest level since fiscal 2002, excluding one-time effects in 2006 and 2007\*
- Decisive actions have maintained profitability in the midst of market challenges
- Disposed of former Churchill Weavers property for a one-time after-tax loss of \$62,000

Gonzales, Louisiana – Crown Crafts, Inc. (NASDAQ-CM: CRWS) today reported operating results for the fourth quarter and fiscal year ended March 31, 2013.

“While market headwinds presented many challenges for our industry in fiscal 2013, we were able to make the necessary adjustments and achieve a historic level of profitability,” said E. Randall Chestnut, Chairman, President and Chief Executive Officer. “We are seeing continued benefits from the realignment of our cost structure, the redesign of products to reduce our dependence on high-cost raw materials, and the discontinuance of an unprofitable private label infant bedding program. In addition, the overall strength of our products has allowed us to adjust pricing to recover from the record-high cotton prices that peaked in fiscal 2012.”

Chestnut added, “We would also like to highlight our special cash dividend of \$0.50 per share that we paid in December 2012. Including our regular quarterly dividends, our cash dividends paid during the year totaled \$7.7 million, or \$0.78 per share. We are pleased that our financial strength permitted us to make these distributions to our stockholders from our operating cash flow and that after these significant dividend payments, we were still able to end the fiscal year debt-free. Thanks to the hard work of the entire Crown Crafts team, we begin the new fiscal year in a strong position to withstand ongoing market challenges, including a declining birth rate and a challenging retail environment. We will continue to act in a swift and decisive manner to protect the cash flow and profitability of the Company, while we pursue additional growth opportunities and long-term value creation.”

(\*) Adjusted net income for fiscal years 2007 and 2006 are non-GAAP financial measures. Reported net income for fiscal years 2007 and 2006 was \$7.6 million and \$8.0 million, respectively. Excluding an after-tax gain on debt restructuring of \$3.7 million in fiscal 2007 and a \$4.2 million income tax benefit in fiscal 2006, adjusted net income for fiscal years 2007 and 2006 was \$3.9 million and \$3.8 million, respectively.

## Financial Results

Net income for the fourth quarter of fiscal 2013 was \$1.9 million, or \$0.19 per diluted share, on net sales of \$23.6 million, compared with net income of \$1.9 million, or \$0.19 per diluted share, on net sales of \$24.8 million in the fourth quarter of fiscal 2012.

Net income for the full year of fiscal 2013 was \$5.1 million, or \$0.52 per diluted share, on net sales of \$78.4 million, compared with net income of \$5.0 million, or \$0.52 per diluted share, on net sales of \$85.3 million a year ago. The fiscal 2013 net income is the highest since fiscal 2002, excluding an after-tax gain on debt restructuring of \$3.7 million in fiscal 2007 and a \$4.2 million income tax benefit in fiscal 2006. Beginning in fiscal 2002, the Company underwent a strategic transformation to divest itself of legacy businesses, re-emerging with a new focus on infant and juvenile consumer products.

As expected, sales declined in fiscal 2013 as a result of the Company's discontinuance of an unprofitable private label infant bedding program. Additionally, both the fourth quarter and full year were impacted negatively by the shift of a modular program's shipment for a major customer from the first quarter of fiscal 2013 into the fourth quarter of fiscal 2012. The decreased birth rate and soft retail environment also contributed to the declines in net sales.

Late in the fourth quarter, Crown Crafts sold its Churchill Weavers property in Berea, Kentucky. The Company had been actively marketing the land and the building at the site since the Churchill Weavers subsidiary ceased operations in 2007. The Company recorded a loss before income taxes of \$97,000 (\$62,000 after-tax) on the sale of the property in the fourth quarter.

## Declaration of Quarterly Cash Dividend

As announced on May 15, 2013, the Company's Board of Directors declared a quarterly cash dividend on its common stock of \$0.08 per share. The dividend will be paid on July 5, 2013 to stockholders of record at the close of business on June 14, 2013. Based on the closing price per share of the Company's stock of \$6.14 on June 18, 2013, the current dividend rate represents an annualized return of approximately 5.2%.

"With our strong operating cash flow, debt-free balance sheet and ongoing pursuit of growth opportunities, we believe we are well positioned to continue offering strong returns to stockholders for both the short term and the long term," Chestnut said.
